PRODUCTS QUALIFIED UNDER MILITARY SPECIFICATION

MIL-I-2819

INSULATION BLOCK, THERMAL

This list has been prepared for use by or for the Government in the procurement of products covered by the subject specification and such listing of a product is not intended to and does not connote inorsement of the product by the Department of Defense. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of a product does not release the supplier from compliance with the specification requirements.

THE ACTIVITY RESPONSIBLE FOR THIS QUALIFIED PRODUCTS LIST IS THE NAVAL SHIP ENGINEERING CENTER.

NOTE: As of 6 January 1975, no Class 4 Thermal Insulation Block has been tested and qualified under Military Specification MIL-I-2819E. Pending inclusion of this class on the Qualified Products List, the qualification requirements (paragraphs 3.1 and 6.3) of MIL-I-2819E shall be waived for procurement of Class 4 thermal insulation block. However, procuring agencies should require first article inspection invoking tests of paragraph 4.4 of MIL-I-2819E. A copy of the first article test data, as certified to by the responsible government inspector, shall be forwarded to the applicable qualifying activity.
